ELEANOR ROOSEVELT COLLEGE CLASS OF 2022

COMMENCEMENT EXERCISES

JUNE 12, 2022

eleanor roosevelt college 1988

UC San Diego

"We face the future fortified only with the lessons we have learned from the past. It is today that we must create the world of the future."

—Eleanor Roosevelt

The premise upon which UC San Diego's Eleanor Roosevelt College was founded was well stated by Eleanor Roosevelt in 1962: "The greatest and most inspiring adventure of all time probably will be carried on in the next fifty years, the adventure of building a new world. As our young people come to have a closer and deeper understanding of that world and its peoples, they will learn that there is not one civilization, from the oldest to the very newest, from which we cannot learn."

Born in 1884 to a prominent New York family and educated in England, Eleanor Roosevelt became interested in women's reform and national politics before her marriage. During her husband's presidency, the breadth of her activities as First Lady was unprecedented. She insisted that racial discrimination had no place in American life, and she acted on her convictions. An active lobbyist for civil rights legislation, in 1939, she joined the National Association for the Advancement of Colored People. During World War II she helped establish the Fair Employment Practices Committee, intervened with the State Department on behalf of Jewish refugees from Europe, and argued against the internment of Japanese Americans.

For seventeen years after President Roosevelt's death in 1945, Eleanor Roosevelt remained actively involved in American and world politics. In 1984, the General Assembly of the United Nations adopted the Universal Declaration of Human Rights. The composition and passage of the declaration were in large measure, and in the face of many obstacles, due to the energy and imagination of Eleanor Roosevelt, who chaired the UN Commission on Human Rights.

Eleanor Roosevelt College Commencement Exercises

Processional and College Welcome

Provost

Recessional

Please remain seated throughout the ceremony and recessional.

Candidates for the Degree of Bachelor of Arts and Bachelor of Science

**Member or invited to membership in Phi Beta Kappa Honor Society*
+Candidate for 2021–2022 academic honors as of May 2022

Final degree will be awarded on the basis of all completed course work and requirements. This program does not serve as a document of record or as proof of graduation.

Samuel Stephen Zilberman
General Biology

Jing Zou
Sociology

"Do not stop thinking of life as an adventure. You have no security unless you live bravely, excitingly, imaginatively; unless you can choose a challenge."

—Eleanor Roosevelt
